

CALL TO ACTION:

Brothers and Sisters,

The Department of Labor is looking to change apprenticeship programs as we know them. Industry Recognized Apprenticeship Programs (IRAP) establishes a system in which a non-union contractor could recognize its own “apprentice program” that would not be subject to many of the same requirements that our DOL recognized apprenticeships are. I’m asking all members, your families, and friends to utilize the link below and easily submit comments to the DOL before the August 26, 2019 midnight deadline.

www.saveIBEWapprenticeships.org.

Thank you for your attention to this very important matter.

In Solidarity,

Business Manager

Ryan Husse
